Chart of Basic Model U.N. RULES OF PROCEDURE

(Points and Motions)

Roll Call and Motion to set up GSL

At the beginning of each session, the E.B. will conduct the roll call, in order to identify the States which are present and the ones who are not.

There are two possible and appropriate responses when your State is called: "PRESENT" and "PRESENT AND VOTING". Delegates who identify their status as "PRESENT AND VOTING" are not permitted to abstain on any substantive vote while the committee is in session. Instead, the delegates must vote strictly in favour or in opposition to any motion before the committee.

This is followed by a motion to set up the General Speaker's List which Allows us to move into debating inside a formal session.

Motion to **Set Speakers' Time of GSL**

This is a motion to set or change the speaker's time.

The exact words to move this motion are: ***The delegate of XYZ would Like to set the individual Speaker's time of the GSL to 60 seconds***

To pass, the vote requires: Simple Majority

Raising a MOTION

This motion is made to suspend the formal debate for the purpose of
An unmoderated caucus or a moderated caucus When raising a
motion, the delegate should specify a certain amount of time
and the topic (only in case of a moderated caucus)

The exact words are: ***With the prior permission of the Executive Board,***

The delegate of ____ would like to suspend formal debate and move into:

a) An Unmoderated Caucus for the total time of ten minutes ...

or...

***b) A Moderated Caucus on the topic _____ with individual speaking time
Being 60 seconds and total time being 20 minutes***

To pass, the vote requires: Simple Majority

Point of Inquiry or Parliamentary Inquiry

When the floor is open, a delegate may move for a point of inquiry, in order to ask the chairperson a question regarding the rules of procedure.

Point of Personal Privilege

A delegate may raise a point of personal privilege in order to inform the chairperson of a physical discomfort s/he is experiencing, such as inability to hear another delegates speech.

Point of Information

After a delegate has given a speech in formal debate, he/she may choose to yield his or her time to a point of information, a question another delegate raises concerning the speech.

Point of Order

This motion is made when a factual error is made, either on the Part of a delegate or even in the case of the executive board; a Delegate can raise a point of order to find the factual error and Correct it. On occasion the Executive Board may also ask the Delegate to provide proof, confirming the correct fact and hence Correct the error in speech.

CHITS

Chits can be of 3 types:

- delegate to delegate
- delegate to delegate (Via EB)
- delegate to EB (substantive chits)

Use chits effectively as they can cause you to win and/or lose by very small margins.

PROOFS in committee

- Reuters
- Govt. News sources
- Reports from international Organizations

(Reports from NGOs are not considered valid sources of proof)

How to give an effective speech

A good speech has 4 major elements:

- Explanation of the problem
- A solution to counter said problem
- Why is your “speech” relevant to the agenda
- Questions and analysis of other delegates’ speeches.

How to research for an MUN

Research also requires 4 major elements:

- Why a problem is happening ?
- A new and innovative solution that you came up with to the problem
- Why is your “solution” relevant to the agenda
- Forming effective solutions relating to other delegates’ speeches.
